Invision Sally Jobe Fact Sheet

History:

In 1981, Dr. William E. Jobe, Medical Director of Radiology at Swedish Medical Center in Denver, Colo., established the country's first breast center outside of a hospital setting. The center remains at its Denver Technological Center location. The Invision Sally Jobe at The Centrum DTC, as well as our other nine imaging centers, are dedicated in honor and memory of Dr. Jobe's late wife, Sally, who succumbed to breast cancer in 1996. Invision Sally Jobe is a joint venture with HealthOne and Radiology Imaging Associates.

Mission Statement:

The mission of Invision Sally Jobe and its radiologists is to improve the health of the patients in the communities we serve by providing them with the highest quality specialty based diagnostic imaging, image-guided therapy and associated medical care.

Services available:

Breast MRI; screening breast ultrasound; diagnostic breast ultrasound; breast biopsy; diagnostic mammography; digital screening mammography; CT scan; MRI; open MRI; pediatric imaging; pain management; x-ray; interventional radiology; virtual colonoscopy; coronary calcium score; CT angiography; osteoporosis testing-DXA; ultrasound; ultrasound to diagnose groin and abdominal hernias; head and neck evaluation; diagnostic thyroid ultrasound; varicose vein treatment; MR arthrography; hysterosalpingogram; diagnosis of traumatic, degenerative, metabolic bone and joint disorders; evaluation of bone and muscle tumors; evaluation of sports-related injuries; genetic counseling and testing; and nuclear medicine therapies.

Locations: Invision Sally Jobe has 10 outpatient imaging centers throughout the Denver region.

Number of sub-specialty radiologists: 66

Sub-specialties:

- Breast Care
- Angiography / Interventional Radiology
- Body Imaging
- Musculoskeletal Radiology
- Neuroradiology
- Nuclear Medicine
- Pediatric Imaging
- Ultrasound / NIVA

Number of mammograms read annually by our radiologists: More than 100,000

Number of daily patients: More than 750

What sets us apart:

- Invision Sally Jobe has the greatest number of board-certified radiologists in the Rocky Mountain region.
- Expertise in clinical research – Invision Sally Jobe is nationally and internationally respected as a site for clinical studies for investigation of cutting-edge technologies and pharmaceutical testing, such as breast elastography, virtual colonoscopy, breast tomosynthesis and contrast agents.
- We are the only breast services provider in the region with National Consortium of Breast Centers (NCBC) recognition as a Certified Quality Breast Center™.
- In addition to the standard diagnostic imaging modalities, Invision Sally Jobe offers genetic counseling and testing, nuclear medicine therapies, pain management and interventional radiology services.
- Our ability to take new technology and integrate it into a high-volume environment.
- We are the only breast services provider in the Denver area to use semi-automated technology for Screening Breast Ultrasound, a new, highly effective breast ultrasound technology to complement mammograms in women with radiologically dense breasts.

Executive Management Team:

Andrew Sonin, M.D. – Medical Director

Lora D. Barke, D.O. – Medical Director, Breast Network

Peter Ricci, M.D. – President

Jeff Morey – Chief Operating Officer

Chris Becker – Director of Billing Services

Janet Guizzetti – Human Resources Director

Todd Gipson – Director of Information Technology

Invision Sally Jobe's Community Involvement

Invision Sally Jobe is committed to serving the communities in which we operate. We believe that healthy, informed communities are developed through partnerships with worthy organizations and active participation in special events. Over the years, we have partnered with numerous organizations that promote healthy living, disease prevention and awareness, and other support services to help build a stronger community.

Invision Sally Jobe participates in the following events and organizations:

- Doctors Care
- Susan G. Komen, Denver Race for the Cure and Pink Tie Affair
- PROJECT C.U.R.E. Colorado
- South Metro Denver Chamber of Commerce
- “Sense of Security” program for breast cancer patients
- The Senior Connection at The Wildlife Experience
- 9News Health Fair
- Colorado Neurological Institute’s Hope Awards
- Colorado Academy, Hope Run for Horizons
- Craig Hospital PUSH Fundraiser
- Rocky Mountain Adventist Healthcare Foundation, Heart of Heats Gala
- Rocky Mountain Multiple Sclerosis Center, Dancing Through the Decades
- Cancer League of Colorado
- Bright Pink

Invision Sally Jobe also participates in several charities during the holiday season, including the Access House transitional housing program, Adopt-A-Family Program at Buckley Air Force Base, Toys for Tots and corporate health fairs at National Jewish Health and Lockheed Martin.

Local Experts List:

Health Care, Radiology, Diagnostic Imaging

Women's Breast Imaging

Lora D. Barke, D.O.

Medical Director, Invision Sally Jobe Breast Network

- Women's imaging
- Full-field digital mammography
- Breast imaging
- Breast MRI
- Ultrasound
- Minimally invasive image-guided biopsy
- Principle investigator and sub-investigator for numerous clinical trials in which Invision Sally Jobe has participated

Board Certification: American Board of Radiology 2003; Full-Field Digital Mammography Certified 2003; Mammosite Certified (Radiation Therapy System) 2005; Basic Life Support Certified 2006

Terese Kaske, M.D.

Sub-Specialty Radiologist

- Women's imaging
- Full-field digital mammography
- Breast intervention
- Breast MRI
- Ultrasound

Board Certification: American Board of Radiology 1997

Body Imaging (General Radiology)

Simeon Abramson, M.D.

Sub-Specialty Radiologist

- Chest imaging
- Body imaging
- Lung imaging
- Virtual colonoscopy
- EVLT: endovenous laser therapy for varicose vein treatment
- CT angiography

Board Certification: American Board of Radiology 2001

Matthew Fleishman, M.D.

Sub-Specialty Radiologist

- Body imaging
- Thoracic imaging
- Nuclear medicine
- Advanced applications in CT
- Image-guided body intervention
- Screening CT for early detection of lung disease

Board Certification: Diplomate of the National Board of Medical Examiners 1990; American Board of Nuclear Medicine 1995; American Board of Radiology 1996

Angiography / Interventional Radiology

Donald Frei, M.D.

Sub-Specialty Radiologist

- Neuroradiology
- Neurointerventional surgery
- Angiography

Board Certification: American Board of Radiology 1994; Certificate of Added Qualifications in Neuroradiology 1996

Charles W. Nutting, D.O., FSIR

Sub-Specialty Radiologist

- Interventional radiology
- Interventional oncology
- Lung, liver, kidney disease
- Cancer treatment through chemoembolization, radiofrequency ablation and selective internal radiation therapy

Board Certification: American Osteopathic Board of Radiology 1997; Certificate of Added Qualification in Angiography and Interventional Radiology 1998

Local Experts List:

(continued)

Musculoskeletal

Michael Otte, M.D.
Sub-Specialty Radiologist

- Musculoskeletal imaging
- Sports-related injuries
- Arthritis
- Bone and soft tissue tumor work

Board Certification: American Board of Radiology 1995

Andrew Sonin, M.D.
Medical Director, Invision Sally Jobe

- Musculoskeletal imaging
- Image-guided therapeutic spine injections
- Arthritis
- Bone and soft tissue tumor work

Board Certification: American Board of Radiology 1997

Neuroradiology

Scott R. Andersen, M.D.
Sub-Specialty Radiologist

- Neuroradiology
- CT
- MRI
- Ultrasound
- Minimally invasive diagnosis and treatment of central nervous system

Board Certification: American Board of Radiology 2003

Peter Ricci, M.D.
President, Radiology Imaging Associates*

- Neuroradiology
- MRI spectroscopy
- MRI perfusion imaging
- Functional MRI imaging
- Application of advanced MRI techniques to the imaging of brain tumors and cerebral infarction

Board Certification: National Board of Medical Examiners 1990; American Board of Radiology 1994

Pediatrics

Vernon Chapman, M.D.
Sub-Specialty Radiologist

- Pediatric nuclear medicine
- Pediatric radiology
- Pediatric gastrointestinal disorders
- Childhood cancer and orthopedic conditions
- CT, MRI and ultrasound

Board Certification: American Board of Radiology 2005; American Board of Radiology, Diagnostic Radiology 2005; American Board of Radiology, Pediatric Radiology 2009

Genetic Counseling

Mary E. Freivogel, MS, CGC
Genetic Counselor

- Genetic counselor specializing in hereditary breast, colorectal and other cancers
- BRCA1 and BRCA2 genes
- Risk Assessment & Prevention Program (genetic counseling and testing)

Board Certification: American Board of Genetic Counseling 2002
